Montrachet.

During our excursion you will learn about viticulture in Burgundy, notions of 'terroir', the appellation system and the history of viticulture in our region. We will, of course make a halt at the famous 'Montrachet' Grand Cru parcel and stop off at our Beaune 'Clos des Mouches' - the flagship wine of the Drouhin house, to look at this legendary parcel. We will taste both of these wines in the vineyard.

On returning to Beaune, you will then benefit from a private tour through the labyrinth of our historical cellars, followed by a tasting of our emblematic wines.
